

HARMFUL CYBER ATTACKS ARE WIDESPREAD. FORTUNATELY, SO ARE THE CYBER SOLUTIONS WE PROVIDE.

CYBER RISK PROTECTION WHEN AND WHERE YOU NEED IT MOST

Cyber risk protection needs to be as diligent and resilient as the bad guys who are planning cyber attacks against organizations like yours. The Hartford offers its policyholders access to a wide spectrum of cybersecurity best practices and resources, including training and education. The goal is to help reduce your company’s risk while allowing you to focus on the important work you do.

Our holistic approach to cyber risk includes:

- **Identify Your Risks** – receive ratings to measure your organization’s cybersecurity performance as well as access to cyber experts who can help your organization review and prioritize its privacy and cybersecurity strategy
- **Protect Your Organization** – utilize employee training, cyber risk management resources and periodic advisories and webinars
- **Detect Threats** – examine your organization’s dark web exposure and utilize artificial intelligence (AI) to protect your systems from cyberattacks
- **Respond** – in the event of a breach, you’ll have access to [The Hartford’s CyberChoice First Responders®](#) and our 24/7 Cyber Claims hotline
- **Recover from Cybersecurity Incidents** – quickly return your business back to normal with help from third-party cyber extortion and data recovery specialists
