

Cryptomining. Ransomware. Business email compromise. Spear phishing.

This is the new language of business risk.
Are your clients Cyber Strong®?

Preferred Rates with Cyber Threat Prevention Vendors

We've negotiated steep discounts with cyber threat prevention vendors **DATTO** and **DUO** to protect our policyholders from a cyber-attack. Insureds gain access to a curated list of service providers who offer a variety of risk mitigation services, ranging from antivirus software to penetration testing to PCI compliance review. See below for preferred rates through TMHCC.

Threat Prevention Partners

Learn more about Datto's BCDR & SaaS Protect, the leading global provider of cloud-based software.

datto

Learn more about Cisco's Duo multifactor authentication offering.

DUO

We're "Out In The Wild" with Intelligence-Driven Monitoring and Alerting

Our industry-leading team actively tracks current attack patterns, detects many types of exposures and aims to provide support to affected customers before threat actors exploit those opportunities to gain access to their networks.

Monthly Network Scan

Dark Web Security Scans

Cyber Expert Help

We regularly provide proactive non-invasive network security scans to detect open and potentially unsecured Remote Desktop Protocol (RDP) ports, outdated software, malware from 100 databases of known blacklists, and other cyber security vulnerabilities.

Client Testimonial

I see numerous scans daily from all carriers in the marketplace. Tokio Marine HCC's is by far the best response I have seen—with a concise explanation and well-described action items to take.

Anonymous - Broker

We appreciate the extra eyes of the CTI team to keep our assets and investments safe.

Officer, Fremont Bank

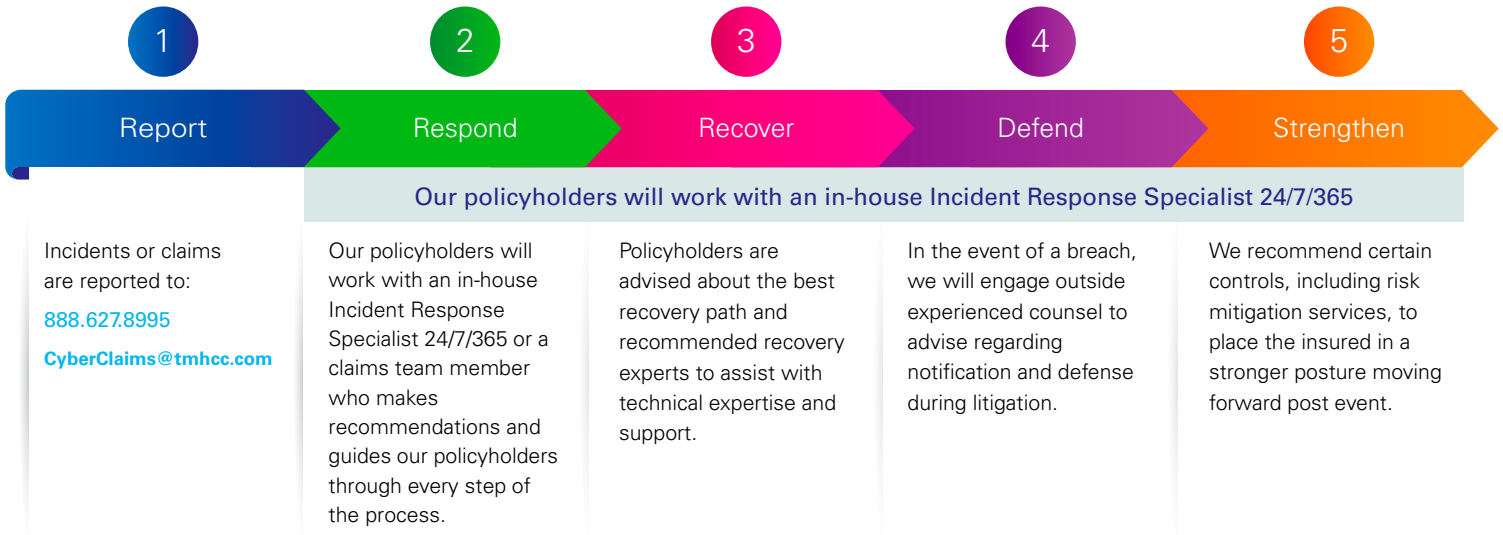

Rapid Response and Continuous Support

We insure thousands of companies from Fortune 500 to small-to-midsize businesses. Our in-house claims experts handle thousands of cyber incidents each year across a range of financial services, retail, hospitality, educational, healthcare and governmental organizations. Our claims and cyber incident response team expedite recovery, minimizes downtime and is available 24/7 to navigate you through an active cyber event.

From the moment you suspect malicious cyber activity, our claims representatives are here to answer the call and initiate support. Our primary goal is always to get you up and running and reach a successful resolution.

About Tokio Marine HCC

Tokio Marine HCC has been innovating in Cyber Liability Insurance worldwide, for over 20 years. Our dedicated global team is made up of cyber insurance and in-house claims experts with deep industry knowledge and a wealth of cyber security experience. We promote active knowledge exchange, making us a global leader when it comes to cyber risk, while keeping you at the forefront of emerging threats on the ever-evolving cyber landscape.

From offices in the U.S., our cyber team insures US-domiciled businesses, with a focus on the small- to mid-sized segment, as well as individuals concerned with protecting their family, home and privacy from cyber threats. Our team in Europe and the U.K., concentrates on mid- to large-sized businesses domiciled anywhere outside of the U.S. In addition, we leverage our in-house cyber expertise to enhance other Tokio Marine HCC insurance coverages, letting you take on risk with confidence.
